

GLACIER COMMUNITY GARDEN AGREEMENT - Summer 2024

This organic garden encourages healthy growth of food, flowers and relationships.
I, (print name) _____ agree to the following:

I will keep my plot maintained all summer long. You will be told when planting can begin (normally by mid-May) depending on weather, rototilling and set up.

I will use water responsibly. Please stay with your garden when watering. Always turn the water off and roll up hose after use. Here's a tip -When you're done watering start winding up the hose from the hydrant NOT from the nozzle. That way the nozzle ends up on top which prevents the next person from making a "knot" when unrolling the hose.

I will garden without insecticides, weed repellents or non-organic fertilizers. (See approved list)

I will grow for personal use and for sharing only, not for commercial use or financial profit.

Growing cannabis is prohibited.

I will be a good neighbor. I will not harass or threaten others in the garden.

I will keep all weeds from maturing to seed on my entire plot including the side walkways, throughout the growing season.

- ☐ Weeds will be placed in the trash cans provided, which are emptied regularly.
- ☐ If my plot is not planted by June 15th, and I have not communicated with the garden manager, it may be considered abandoned and will be re-assigned or covered. (As an effort to control weeds).

I will respect other plots within the garden. I will harvest only my crops.

I will contact one of my garden neighbors or make other arrangements for care if I am out of town or unable to tend my plot for more than a week.

I will supervise any and all friends, children, or pets who visit my plot. I will clean up after pets.

I will dispose of any and all litter or garbage in or surrounding my plot.

In the shed are basic tools for your use. We expect you to return them when you are done and replace them if you break one, or at least report it to the Garden manager.

I will make sure my plot is completely cleared and ready to be winterized by mid-October, exact date to be determined). All non-organic ground cover will be removed (plastic, stakes, etc.) and holes, trenches and mounds will be leveled.

I AGREE TO HOLD HARMLESS GLACIER GARDEN AND GLACIER CHURCH FOR ANY LIABILITY, DAMAGE, LOSS OR CLAIM THAT OCCURS IN CONNECTION WITH USE OF THE GARDEN BY MYSELF OR ANY ONE OF MY GUESTS. (starred items are required)**
