Glacier Church History and Partnerships

Glacier Church was started in the mid 70's when a group of people in Kalispell decided to create a church that was driven by authentic relationships, church services that made sense, and an uncompromising belief that the Bible was God's Word and was to be preached and lived out.

They affiliated with Converge Worldwide which is represented in the Northwest through Converge NW.

Glacier Church Currently

There is a small, strong core of people that have been with the church since its early beginnings. We also have some young families with children. We share our building with another church. The average attendance now is between 25 and 35 people.

- Our Community Garden is a way of reaching out and blessing our community.
- Our desire and motto is, "Growing God's Kingdom, One relationship at a time."
- The church is located across the street from Flathead Valley Community College. www.fvcc.edu
